The Favourite Game is wistful and sentimental (in a good way), well-written, fun to read, and especially evocative in recreating the early 1960's in urban North American and Montreal in particular. It's a coming-of-age novel in the Salinger vein, following a Young Bright Man (too young for the Beats) and his midadventures.

Leonard Cohen describes such a memory in his first novel, The Favorite Game, published in 1963, when he was twenty-nine: What did she look like that important second? She stands in my mind alone, unconnected to the petty narrative. The color of the skin was startling, like the white of a young branch when the green is thumb-nailed away.

'The Favourite Game' is one of Cohen's two novels (the other being Beautiful Losers) and describes a growing up / coming of age in Montreal in the 1950s / 1960s. The book revolves around two friends - Breavman (the protagonist) and Krantz - and their transition from childhood via adolescence to adulthood.

The Favourite Game is more traditional of a novel, whereas Beautiful Losers has almost no narrative arc to speak of. As appealing as the experiment in composition in Beautiful Losers can be, it's often so deliberately opaque and off-putting that it sags from interesting befuddlement into the book itself as a physical object is well-made and (I think) appealing on the shelf.

Leonard Cohen's fame as a songwriter and poet has long eclipsed his reputation as a novelist. He abandoned fiction after only two novels--1963's The Favourite Game and 1966's Beautiful Losers--but these were enough to reveal Cohen as a deft and vivid storyteller, equally comfortable with poetry and prose.Their frank sexuality and unapologetic social satire made them controversial (and wildly ...

Leonard Cohen's novel The Favorite Game is as close to perfect as it gets. Exceptionally intelligent and deep in feeling. Each sentence is beautiful. I am now reading this novel for the third time---and I read it very slowly . . . like a poem. And I read only a few pages a day so that I can savor the feeling and the ideas. We go with Breavman on a journey of discovery as a boy growing up in ...

I told them it's set in the same part of Westmount as our college, and that they might find it interesting to see how Montreal ...
